Andre Burvant

Today, the Louisiana Department of Revenue issued [Revenue Information Bulletin \(“RIB”\) No. 20-011](#), which provides **filing and payment extension relief** for monthly Louisiana **severance tax returns, payments, and reports** due on April 25, 2020.

The RIB provides that the **filing and payment deadline** for the February 2020 monthly oil and gas severance tax return, which is normally due on April 25, 2020, is now **extended to June 25, 2020**.

This is an **automatic extension**, and no extension request is necessary.

No penalties or interest will be assessed **provided that** the applicable monthly return, payment, and report for this severance tax period is submitted to the Department **by the June 25, 2020, extension date**.

Importantly, however, this extension **does not apply** to severance tax returns, payments, or reports due on **any other dates**.
