## Health Law Diagnosed — Bioethical Considerations in a Pandemic [PODCAST]

Article By:

Nili S. Yolin

Bridgette A. Keller

---

Mounting anxiety over how to control the spread of infectious disease outbreaks encourages public and political discourse of bioethics. In the third episode of Mintz's Health Law Diagnosed, Mintz's Bridgette Keller talks about the legal, public health, and bioethics concerns inherent in a global pandemic, including allocating scarce medical resources such as COVID-19 vaccine, and how the greatest challenge to vaccine distribution may be the public's hesitancy.
