

How Much Do You Make? (And How You Could Be Making More) [INFOGRAPHIC]

Article By:

Stephen Fairley

The infographic below illustrates how much the average attorney makes by state – after adjusting for the cost of living, attorneys who practice in Hawaii make the least (but probably enjoy living there the most) and those who practice in Mississippi earn the most.

Surprised? See how you stack up, then keep reading about how you can increase your income from one attorney whose revenues and profit margins skyrocketed after he switched to flat fee billing.
