On April 15, 2021, the FCC [announced](#) that on Thursday, April 29, 2021 at 12:00 PM ET it will begin accepting applications for the second round of its COVID-19 Telehealth Program (the “Program”). The filing window will last for seven days and will close on Thursday, May 6, 2021 at 12:00 PM ET. All applications filed during this period will be reviewed after the application filing window has closed.

Under this application processing round, the FCC will distribute nearly \$250 million to eligible health care providers to provide telehealth and connected care services to patients in response to the COVID-19 pandemic. This funding is in addition to the \$200 million the FCC awarded to successful applicants in 2020 under round one of the Program. Additional information on round one of the COVID-19 Telehealth Program can be viewed in our previous posts [here](#) and [here](#).

Health care providers wishing to apply under round two of the Program should complete and submit an application on the [FCC’s Program Webpage](#). To ensure timely submission, interested providers should carefully review the FCC’s Application Process Guidance, which is attached as Appendix C to the FCC’s March 30, 2021 [Report and Order and Order On Reconsideration](#). Specific questions about the application process can be submitted to [Round2TelehealthApplicationSupport@usac.org](mailto:Round2TelehealthApplicationSupport@usac.org).
