## **2023 Health Policy Outlook – Diagnosing Health Care [PODCAST]**

Article By:

Edward M. Kennedy, Jr.

Alexis Boaz

Philo D. Hall

---

*In this episode of the [Diagnosing Health Care Podcast](#):* With the recent midterm elections changing the composition of Congress, and the Biden administration's first opportunities to advance its policy priorities from the very beginning of the rulemaking process, what are the key health care developments to watch out for in 2023?

Epstein Becker Green attorneys Ted Kennedy, Jr.; Alexis Boaz; and Philo Hall discuss the current landscape of health care policy from both the legislative and regulatory perspectives and analyze which key health care issues may arise.
