All Things Chemical® Podcast: A Conversation with Linda Reinstein, President and Cofounder of the Asbestos Disease Awareness Organization (ADAO) [Podcast]

Article By:

Lynn L. Bergeson

Lisa M. Campbell

This week I had the pleasure of speaking with [Linda Reinstein](#), President and Cofounder of the Asbestos Disease Awareness Organization (ADAO), about her many years of asbestos disease awareness advocacy. Having lost her husband, Alan, to mesothelioma two decades ago, Linda set out to educate others about the diseases associated with asbestos exposure. Her story is one of grit, perseverance, and devotion.
