## **FDA Can't Stop, Won't Stop – Navigating the New Administration [Podcast]**

Article By:

George G. Misko

Kathryn C. Skaggs

Mark Thompson

---

In this episode of *Food & Chemicals Unpacked*, we dive into the current adjustments experienced at the U.S. Food and Drug Administration (FDA) so far under the Trump administration. Keller and Heckman Partner George Misko joins us to discuss the future of food safety regulations, including the downsizing of HHS under Secretary Robert F. Kennedy Jr., potential changes to the GRAS process, and FDA's ongoing post-market review program.
