

For a Limited Time! Renew Your Green Card Online

Article By:

Rebecca B. Schechter

U.S. Citizenship and Immigration Services (USCIS) announced on its website yesterday that from 10 a.m. EST Nov. 12, 2014, to 10 a.m. EST Nov. 15, 2014, **permanent residents may apply to renew or replace their green cards online** via the [USCIS Electronic Immigration System \(USCIS ELIS\)](#). Applications to renew or replace green cards are filed using the [Form I-90, Application to Replace Permanent Resident Card](#). During the 72-hour period this week, USCIS will make the I-90 form available in ELIS and will solicit feedback with the goal of improving the overall user experience, as the agency intends to fully implement the Form I-90 into USCIS ELIS in 2015. Applicants may still file the Form I-90 through the mail.

USCIS has limited online I-90 filing to permanent residents only. Attorneys and accredited representatives may not file a Form I-90 via USCIS ELIS during this time.

USCIS ELIS is an online, account-based system that allows users to file for certain immigration benefits. Currently, account holders may file applications to extend/change status (I-539) and the Immigrant Petition for Alien Entrepreneur (I-526) through the USCIS ELIS system. Immigrants who process their immigrant visas overseas may also pay the USCIS immigrant visa fee via USCIS ELIS.
