It has come to our attention that **Office of Federal Contractor Compliance Programs (OFCCP)** has sent out [\*\*Courtesy Scheduling Announcement Letters\*\*](#) providing contractors with advance notice of upcoming OFCCP audits. Signed by [interim Director Tom Dowd](#), dated February 17, 2017 and addressed generically to Human Resources Director, the letters provide warning that the establishment listed has been selected for an impending OFCCP compliance review.

The size and scope of this potential “wave” of CSALs is unknown at this point. We will update as soon as we have more details.
