

CBP Announces I-94 Website Undergoing Maintenance

Article By:

Immigration & Compliance

The U.S. Customs and Border Protection (CBP) has announced that its I-94 [website](#) will be under maintenance and will not be available during the following periods: (1) March 30, 2017 from 1:30 a.m. to 5:30 a.m. EDT; (2) April 2, 2017 from 1:30 a.m. to 5:30 a.m. EDT; and (3) April 6, 2017 from 1:30 a.m. to 5:30 a.m. EDT. During these times, the ability to view a recent I-94 record, obtain recent travel history, and purchase a provisional I-94 will be disrupted; CBP advises against using the aforementioned functions accordingly.

Foreign nationals present in the United States in nonimmigrant visa status should note the CBP I-94 website maintenance periods mentioned above and may wish to access any relevant I-94 records and/or travel history records prior to these times. Those planning to return to the U.S. from international travel while the site is unavailable, should access the CBP system after site maintenance is complete to ensure the electronic I-94 record is correct and consistent with the relevant passport entry stamp received during the admission process.
