## President Trump Signs Continuing Resolution into Law

Article By:

Robert Y. Maples

Laura Foote Reiff

---

On Monday evening, President Trump signed the Continuing Resolution (CR) into law ending the three-day, 69-hour government shutdown.

In addition to funding the government and other policy-related matters, the CR extends EB-5, E-Verify, Conrad 30, and the Religious Workers immigration programs until Feb. 8.

Immigration issues will likely occupy most of the Congressional agenda during the extended CR period.
